

WHY FULL STRIDE KENNEL, LLC ?

Full Stride Kennel is a small, INTER-ACTIVE boarding facility with private rooms and large grassy outdoor areas for play groups that ALLOW YOUR DOG TO BE A DOG.

Full Stride Kennel was developed in 1988 as an alternative to the traditional K9 boarding experience and designed to provide:

“THE BEST VACATION YOUR DOG WILL EVER HAVE!”

The goal at Full Stride Kennel is to provide a LOW-DEMAND / HIGH-REWARD approach for your dog, to ensure that he or she will have a good time and will be happy and excited to arrive at our door each time he or she visits.

Located on 15 scenic acres in beautiful Southern Vermont, Full Stride Kennel caters to the beloved family dog, allowing you the owner time to go away on a GUILT-FREE vacation or business trip knowing that your dog may well be having a better time than you are.

“successful play groups”

The primary focus at Full Stride Kennel is to provide your dog with a safe and friendly environment to run and play in with other dogs. Understanding the language of canine behavior is the foundation for building successful play groups at Full Stride Kennel. Dogs are social animals that enjoy the company of people, but instinctually know their place in the pack order with other dogs. Your dog's social history and temperament will be carefully evaluated upon his initial arrival to determine what play group will work best for him. Some dogs lack the social graces necessary to fit into a pack and need to slowly integrate with socially-confident, even-tempered dogs. The staff at Full Stride Kennel will take the time to know your dog and work with him to develop the necessary confidence to fit into the pack structure. Full Stride Kennel respects your dog's individuality and takes pride in identifying your dog's attributes. The caring and knowledgeable staff will work with your dog to help him realize his full potential as a guest.

While visiting Full Stride Kennel, your dog will enjoy their own heated / air-conditioned private room that will be his place for rest and relaxation during his stay. The structured schedule is designed to allow the dogs to be comfortable in the HOME-STYLE environment, without being anxious. The large grassy outdoor areas provide enough room to run and play, or to relax on the patio or in the shade. Fresh water is always available, and treats are provided each time your dog returns to his room.

Full Stride Kennel is open year-round for your convenience. Please call 802 365-4540 or email fsk@svcable.net for more information.
